Help

A - Active courses are those that have completed the submission process and been fully approved. **P - Pending** courses (or course modifications) are courses that an originator is working on but have not yet submitted for approval. **L - Launched** courses are those that have been submitted for approval but not yet fully approved. **I - Inactive** courses are a previous version of a course (meaning there is a more recent version of the course). It may also indicate a course that has been put into abeyance. **D - Deleted** courses are those that have been permanently removed from TRU's catalog.

- Click on the WR icon to view a brief course outline.
- Click on the AF icon to view a comprehensive report including

all information submitted.

- Click on the CI icon to view a report detailing which courses and programs will be impacted by a change to the current course.
- Click on the Copy icon to copy a course to edit.
- Click More for Guidelines on Course Revision.
